INFORMATION DISCLOSURE STATEMENT

Pursuant to 37 C.F.R. §§ 1.56, 1.97, and 1.98, Applicants submit herewith on Form PTO-1449 a listing of documents known to the Applicants and/or their attorney. Applicants respectfully request consideration of the cited documents and making the same of record in the prosecution of the above-identified application. In so doing, Applicants do not waive any rights to appropriate action to establish patentability over the listed documents should they be applied as references against the claims of the present application. For the document listed in "Other Documents," Applicant has listed the date which is shown on the document. Applicant makes no representation as to the publication dates, if any, of the document. Copies of the documents are enclosed.

While Applicants request that all of these documents be considered in their entirety, the Examiner's attention is directed to the reference:

McClure, C.K., *et al.* "Formation of a Carbon-Nitrogen Bond via a 5-Exo-Trig Radical Cyclization onto the Nitrogen of an Imidate Ester", *Tetrahedron*, **54**, 7121-7126 (1998).

This statement should not be construed as a representation that more material information does not exist or that a search of the relevant art has been made.

This Information Disclosure Statement is being submitted prior to the mailing of a first Office Action in this application, and, therefore, no certification or fee is required (37 C.F.R. § 1.97b(3)). However, should any fees be due, the Commissioner is authorized to charge such fees to Deposit Account No. 16-1435. A duplicate of this sheet is attached for that purpose.
